SHORT NOTICE INVITING QUOTATION (NIQ) Redevelopment, Modernization, and Maintenance of Official Website

Bihar State Road Development Corporation Limited (BSRDCL), a Government of Bihar Undertaking, invites sealed quotations from reputable, experienced, and eligible IT firms, agencies, or system integrators for the comprehensive redesign, redevelopment, migration, security auditing, and continuous maintenance of its official website: <https://bsrdcl.bihar.gov.in/>

1. Scope of Work & Deliverables

- **Website Redesign & UI/UX Modernization:** Creation of a modern, clean, visual layout architecture fully optimized for desktop, tablet, and mobile platforms (responsive design).
- **Content Migration:** Complete migration of existing legacy text, dynamic notification boards, project reports, galleries, and historic data archives from the active web server without service interruption.
- **Content Management System (CMS):** Implementation of a secure, intuitive CMS allowing authorized non-technical administrative staff to securely publish dynamic content, alerts, tenders, and corrigenda.
- **Compliance & Accessibility Standards:** Strict compliance with Guidelines for Indian Government Websites (GIGW) and Web Content Accessibility Guidelines (WCAG 2.0) to facilitate seamless navigation for persons with disabilities.
- **Tender & Recruitment Modules:** Development of searchable, filterable systems for document categorization, tracking of active/archived notices, and systematic document version controls.
- **Security Auditing & SLA Support:** Acquisition of an industry-standard SSL Certificate, robust protection against localized data threats (SQL injections, XSS), and provisioning of 2 (two) years of complete operations, technical support, and standard AMC post-deployment.
- **Future Modifications & Maintenance (Change Requests):** The developer shall be responsible for all future modifications, including structural changes, UI updates, integration of new government portals, or adding new modules as requested by BSRDCL, for the duration of the support/AMC contract. These 'Change Requests' shall be processed through a formal Change Request Process (CRP) defined in the agreement, ensuring priority implementation without disrupting core operations.
